Health and Life at Work:

Occupational Safety and Health Day Commemoration

The world of work can be a dangerous place. Since 1919 the ILO has sought to minimize risk in the workplace as well as promote safe work practices and a culture of prevention. If work is to be decent, it must also be safe!

The purpose of this event is to promote a safety culture in Cambodia, and raise public awareness of the importance of occupational safety and health. A high level conference with representatives of the Ministry of Labour, workers and employers organizations and the ILO will celebrate Health and Life at Work.

When : April 28th 2009, from 9h00 to 12h00

Where : Chaktomuk Conference Hall

Who : By invitation only
