Invitation to Seminar on the new Information Management System

On behalf of ILO *Better Factories Cambodia* and the Garment Manufacturers Association of Cambodia, we would like to invite you to an information seminar about the new Information Management System (IMS).

Better Factories Cambodia has now developed a world-first information management system (IMS) for monitoring and reporting on working conditions. The IMS is a totally computerized system for collecting, storing and analyzing data. Reports are produced in English, Khmer and Chinese. ILO *Better Factories Cambodia* has worked closely with GMAC to ensure that the new system meets the needs of GMAC members. (Please visit the *Better Factories Cambodia* website at www.betterfactories.org/ilo for more information on the IMS.)

In order to ensure that every factory has an opportunity to attend this seminar, *Better Factories Cambodia* will hold the information seminar four times. Please select the date that is most convenient.

Dates: Tuesday, April 4, 2006
Tuesday, April 25, 2006
Wednesday, May 31, 2006
Thursday, June 29, 2006
Venue: GMAC Office
#175, Street 215, Phnom Penh
Time: 9:30 am to 11:30 am (same time for all seminars)

The information seminar is designed to explain the IMS and how factories can use it to access their own reports. The seminar also will explain how factories can post objections to their factory reports, and how factories can give permission to third parties, such as a buyers or vendors, to access their reports on-line.

Interpretation into Khmer, Chinese, and English will be available, depending upon demand. Please complete the attached registration form to confirm your attendance.

Yours Sincerely

Ken Loo
General Secretary

Ros Harvey
Chief Technical Advisor
